Constantinian Order US Delegation: Italian Hospital Covid-19 Relief Fund

Solidarity is an immense and world-changing force. Let's aid those in greatest need.

Besides serving as Grand Master of the Sacred Military Constantinian Order of St. George, HRH Prince Carlo of Bourbon-Two Sicilies, is also the founder of the nonprofit Constantinian Order Charity Onlus. In a few weeks' time the Constantinian Order Charity has raised over €150,000 to fight the spread of Covid-19.

Crucial donations have already been made to Pugliese Ciaccio Hospital in Catanzaro [2], Calabria (€30,000), as well as through ventilators (€52,000) to the Civic Hospital in Partinico [3] (PA) and Saints Martha and Venera Hospital in Acireale [4] (CT), Sicily. Another €50,000 donation was made on April 15, to Naples' Cotugno Hospital [5], an institution specializing in combatting infectious diseases and where - remarkably - not one health care worker has contracted the Coronavirus, despite being on the frontline of the battle!

As the Acireale hospital's administrative director Dr. Giuseppe Di Bella stated: "I am happy to give proper recognition to the donation made by the Constantinian Order Charity … a confirmation of your non-profit organization's attention to the most fragile members of society. At this time which sees our national healthcare system deployed in protecting the community, every gesture of esteem

and trust cannot but strengthen the sacrifice of our healthcare workers."

Further requests for desperately required assistance in fighting the pandemic continue to be received, but there is a corresponding need for help. Be part of the urgent effort of the Constantinian Order's American Delegation [6] to generously respond to those in greatest need at this time!

All gifts to the United States Delegation are fully tax-deductible, and every donation represents a glimmer of hope and a small drop of life in our global effort to overcome this adversity!
