

CULTURAL EXCHANGE PROGRAM

In June, 2007, NOIAW inaugurated a Cultural Exchange Program in conjunction with the Italian Foreign Ministry. College-age female Italian students were selected to be guests in the homes of members in the New York City area. Visits during their two week stay included professional, cultural and social activities in New York City, as well as two days in Washington, D.C. In June of 2008, NOIAW will be sending twenty Italian American young women of college age to Italy.

NOIAW
NATIONAL ORGANIZATION OF
ITALIAN AMERICAN WOMEN

OUR STORY

The National Organization of Italian American Women was founded in 1980 by a group of Italian American women who sought to create a national network to support the educational and professional aspirations of its members and to combat ethnic stereotypes by promoting positive role models.

Over 25 years later, we are still the only national membership organization for American women of Italian ancestry. Our membership is comprised of a diverse group of women—professionals in a wide range of fields, homemakers, students and retirees.

NOIAW sponsored events are educational, cultural and social in nature and focus on issues of interest to Italian American women. The programs recognize and promote the accomplishments and contributions of women of Italian ancestry, as well as acknowledge women as keepers of the culture.

Through travel and international conferences, NOIAW has established links with women of Italian ancestry in Italy, Argentina and Australia, broadening the borders, network and influence of the organization beyond the United States.

In 2005, NOIAW opened its membership to those not of Italian descent who wish to support NOIAW's efforts on behalf of Italian heritage and culture.

While NOIAW continues to grow, the Board of Directors work to ensure that the spirit of the organization retains the sense of community and camaraderie with which it began, so that each NOIAW program attended feels like time spent with family.

MENTORING

The Mentor Program reflects NOIAW's mission and commitment to supporting young Italian American women by providing positive role models. Members provide mentees with advice, suggestions, and opportunities while encouraging ethnic pride, self-esteem, and professional identity.

NOIAW members can be found at the top of their fields, and many have achieved successes in a wide range of professions, including medicine, law, business, education and the arts. The one-on-one relationships between mentors and their mentees have contributed significantly to the future success of the young women embarking upon new careers.
